Sir:

Technology Center 2600

Prior to the initial Office Action, applicants respectfully request that the application be amended as follows:

IN THE SPECIFICATION

Please replace paragraph 39 on page 10 with the following:

A wireless radio signal 60 containing the transmitted data is received by the receiving station 70 via a receiving antenna system 71. The receiving antenna system will also receive interfering radio signals 71 which impact on the quality of the received data. The receiving station 70 includes an interference power measuring device 72 to which the received signal is input which device 72 outputs measured SIR data. The receiving station 70 also includes a data quality

a
